To Our Valued Customer:

Subject: Electricity (Safety) Regulations 2010

Omron Electronics would like to advise that all of the Industrial Automation products supplied into New Zealand conforms to all IEC (International Electromechanical Commission) standards detailed by the Electricity (Safety) Regulation 2010, in addition meet CE and C-Tick standards.

If you require copies of the relevant certificates of conformity please feel free to contact your local Omron Representative

We look forward to working with you to help enhance your business in 2010.

Yours Sincerely

Greg Field
Managing Director
Omron Electronics Pty Ltd
